SKILLS

- **Languages:** Python, C, C++, JavaScript
- **Frameworks:** tailwind, Node.js, React.js
- **Tools/Platforms:** MongoDB
- **Soft Skills:** Problem-Solving, Data Structures and Algorithms, Team Player, Adaptability

TRAINING

- Mastering C Programming – CSE PATSHALA. April' 2024
- Completed an intensive training program covering Python, C, C++ fundamentals, OOP concepts (classes, inheritance, polymorphism, dynamic memory), data structures, algorithms, problem-solving, and memory management. November' 2024
- I have also completed training in HTML, CSS, and JavaScript. April' 2025

PROJECTS

- **Bus booking system** November' 2025
 - Developed an intuitive web platform for bus booking and scheduling.
 - Designed a seamless user interface for an improved user experience
 - Optimized backend processes for efficient scheduling and data management.TECH: HTML, CSS, JavaScript, PHP, SQL
[\[GITHUB\]](#)
- **Brian MRI system:** March' 2025
 - This project processes brain MRI images to detect tumors using image preprocessing and machine-learning techniques.
 - The backend handles the model, image analysis, and prediction logic, while the frontend provides a user interface for uploading MRI scans.
 - Together, the system allows users to upload an MRI image and receive an automated tumor detection result.TECH: [ReactJS](#), NodeJS, MongoDB
[\[GITHUB\]](#)

CERTIFICATION

- Cloud Computing - 12 Weeks by NPTEL. April' 2025

CERTIFICATES

- ChatGPT-4 Prompt Engineering: Generative AI & LLM - Self-Paced by Infosys. August' 2025
- Data Structures and Algorithm - 72 hours – Self-Paced by neoColab(LPU) December' 2024

EDUCATION

- **Lovely Professional University** Phagwara, Punjab
 - *Bachelor of Technology - Computer Science and Engineering; CGPA: 6.65* August' 2023 - Present
- **Sachdeva International School** Raipur, Chhattisgarh
 - *Intermediate; Percentage: 82.2%* April' 2020 – March' 2022
- **Sachdeva International School** Raipur, Chhattisgarh
 - *Matriculation; Percentage: 85.2%* April' 2019 – March' 2020
